

Sample Record Creation

The screenshot shows the PowerApps interface for a 'Barcode Generator' app. The left sidebar contains a navigation menu with 'Home', 'Recent', 'Pinned', and 'Barcode' sections. The 'Barcode' section is selected, showing a list of records. The top ribbon includes buttons for 'Save', 'Save & Close', 'New', 'Deactivate', 'Delete', 'Refresh', 'Check Access', 'Assign', 'Share', and a menu icon. The main area displays a record for 'Barcode Generator' with ID '123456' and owner 'Ram Prakash'.

123456 Barcode Generator	
Barcode ID	123456
Owner	Ram Prakash

Login to Powerapps → Create an Canvas App → Connect with Dataverse(Based on your Backend)

The screenshot shows the PowerApps gallery view for the 'Barcode Generator' app. The top bar has a search icon and the text 'Search items'. Below the search bar, a single record is displayed with the ID '123456' and a right-pointing arrow.

Barcode Generator
123456

Above shows the Gallery Record

Create a new Screen (Name: BarcodeScreen) → Add a Button called Generate barcode

On-select of Generate Barcode → Navigate(BarcodeScreen,ScreenTransition.Cover)

The screenshot shows the PowerApps screen for the 'Barcode Generator' app. The top bar has a back arrow, the title 'Barcode Generator', and icons for delete and edit. Below the title, a record is displayed with the ID '123456' and the creation date '8/25/2021 12:28 AM'.

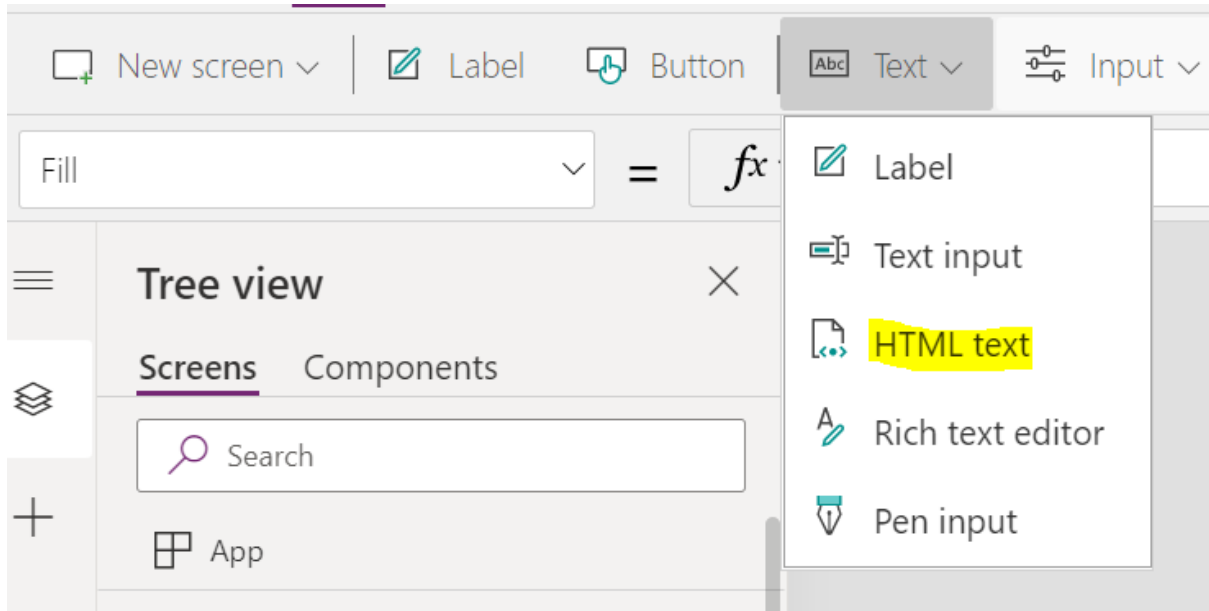

Barcode Generator
Barcode ID 123456 Created On 8/25/2021 12:28 AM

The screenshot shows a blue button with the text 'Generate Barcode' in white.

Generate Barcode

Open BarcodeScreen

Add a HTML Text by Selecting Text at the Top of the Ribbon

Navigate to the URL : <https://barcode.tec-it.com/>

You can see the Data and Refresh Button

Whatever data you are entering in the Data Will Automatically display as Barcode image

Scroll down and Copy ` `(Line)

```
<div style='text-align: center;'>
  <!-- insert your custom barcode setting your data in the GET parameter "data" -->
  <img alt='Barcode Generator TEC-IT'
    src='https://barcode.tec-it.com/barcode.ashx?data=BARCODE&code=&multiplebarcodes=false&translate-
esc=true&unit=Fit&dpi=96&imagetype=Gif&rotation=0&color=%23000000&bgcolor=%23ffffff&codepage=Default&qunit=Mm&quiet=0&hidehr
' />
</div>
<div style='padding-top:8px; text-align:center; font-size:15px; font-family: Source Sans Pro, Arial, sans-serif;'>
  <!-- back-linking to www.tec-it.com is required -->
  <a href='https://www.tec-it.com' title='Barcode Software by TEC-IT' target='_blank'>
    TEC-IT Barcode Generator<br/>
    <!-- logos are optional -->
    <img alt='TEC-IT Barcode Software' border='0'
      src='http://www.tec-it.com/pics/banner/web/TEC-IT_Logo_75x75.gif' />
  </a>
</div>
```

URL : "<img alt='Barcode Generator TEC-IT'

src='https://barcode.tec-it.com/barcode.ashx?data=BARCODE&code=&multiplebarcodes=false&translate-esc=true&unit=Fit&dpi=96&imagetype=Gif&rotation=0&color=%23000000&bgcolor=%23ffffff&codepage=Default&qunit=Mm&quiet=0&hidehrt=False' width=400; height=300/>"

Now to Populate Values Dynamically from the Main Gallery(Step 1)

Replace URL (BARCODE) like below

"<img alt='Barcode Generator TEC-IT'

src='https://barcode.tec-it.com/barcode.ashx?data="&mainGallery.Selected.'Barcode ID'&"&code=&multiplebarcodes=false&translate-esc=true&unit=Fit&dpi=96&imagetype=Gif&rotation=0&color=%23000000&bgcolor=%23ffffff&codepage=Default&qunit=Mm&quiet=0&hidehrt=False' width=400; height=300/>"

That's it.
